

## Motocross Challenge Consent Form

Off-road motorcycle activities can pose a risk to health. To minimise this risk we follow health and safety procedures which must be adhered to by all riders.

### Our responsibility

The instructors have assessed the track to be an acceptable standard to ride on; if conditions change this will be re-assessed during the session. All the equipment and bikes have been checked to the correct safety standards for your use, and the site is fully insured.

### Your responsibility

For you to participate, you must listen to the safety talk, wear all equipment provided and follow the guidelines stated.

All spectators or non-riders are to stay within the viewing area, and may only enter the track area with the permission of the instructors.

You must make us aware of any medical conditions which may affect your safety, or that of anyone else. This includes any recent visits to hospital, medication or known allergies. We will not accept responsibility for any incident which occurs as a result of a pre-existing condition which you fail to make us aware of.

The session is for training purposes only and is not a competitive activity. You will be held legally responsible for all damage to equipment, facilities and/or other people by deliberate misuse or negligence, or failure to comply with these guidelines. If any rider fails to comply with the above they will be required to stop riding.

Rider's name .....

Parent/Guardian signature .....Date .....

Emergency contact name .....

Emergency contact number .....

Please note that photographs / videos may be taken to promote or advertise the project, and will **not** be used for any other purpose. Should such material be released to print or broadcast media, we will of course seek your additional consent.

**If you do not agree to the use of photographs / videos in this way, please tick the box**
